Mayfield Grammar School's...

~Kindness Pledge~

Throw kindness around like confetti.

Sometimes a kind word is everything.

Act with kindness, but do not expect gratitude.

We can all help make our community kinder
and more inclusive by using words in a
positive and supportive manner.

We can make people feel more comfortable by involving
everyone in all our activities.

To make people feel included, it is important to speak up
against discrimination.

Something as small as a smile,
can brighten someone's day.

Showing kindness is essential, as it can boost someone's
confidence and make them feel happier!

Above all, we pledge to spread kindness above hate.
